### About the Event:

Ministry of Textiles, Government of India in collaboration with Federation of Indian Export Organization (FIEO) and Handloom Export Promotion Council (HEPC) is organizing "1st India Fashion & Lifestyle Show" to be held from 25-27 July, 2023 at Mydome Osaka. 70 exporters from pan India are going to display wide variety of Indian Textile Products for Japan market and enhancing export to Japan.

Japan's trade is now experiencing the 'Indian boom'. Rapid trade expansion is occurring between the two countries, which is likely to fuel the growth of Indian apparel exports to Japan. India has the potential to handle the entire textile value chain in a much better way than its counterparts.

It is in this backdrop, Japan India Industry Promotion Association (JIIPA) would like to interact with leading media & Japanese companies in Textile sector. We will discuss the opportunities for Japanese companies in the Textile sector, as well as the government's proactive policies and fiscal incentives for this sector. The session is a must for all Japanese Companies who are looking for business opportunities available for trade and collaboration between India and Japan in Textile sector, Technical Textiles, Textile Machinery Manufacturing and Textile Buyers.
