

**Consulate General of India
Osaka-Kobe**

ADVISORY- 10 AUG 2024

The Japan Meteorological Agency has issued an emergency bulletin on the Nankai Trough Earthquake (warning a massive earthquake). The Government of Japan held a disaster response meeting and established a state of alert and has urged the citizens to reaffirms their earthquake preparedness on a daily basis.

2. Further, Osaka Prefectural Government issued advisory. It is said that the possibility of a large-scale earthquake is relatively high compared to normal times. Along with this, the prefecture will also set up the Disaster Prevention and Crisis Management Command Department, collect information and confirm the communication system with related organizations, and prepare to respond in the event of an earthquake.

3. All Indian citizens in Japan are advised to adhere to warnings and instructions promulgated by the Government of Japan and local governments from time to time.
